

SHORT COURSES

When you undertake short courses it not only builds your construction skills but also your career.

CITB can help you:

- Access up to \$3,000 worth of training fee subsidies every financial year with a valid CITB number.
- Choose from over 200 short courses designed to help build your construction career..

All the courses in this brochure show the **CITB subsidy amount** which is the discount applied to the cost of the course.

The **CITB Course Service ID** can be quoted to your training provider when you book in for training.

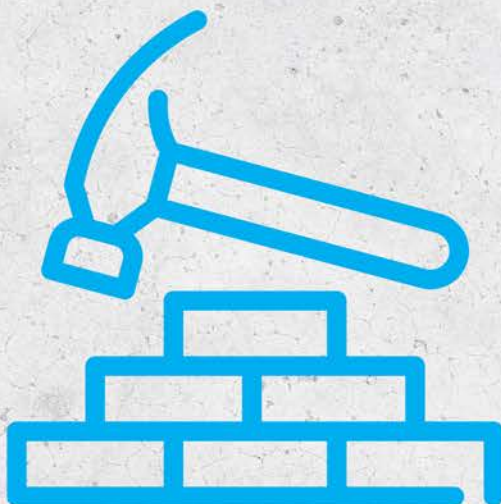

CITB (Construction Industry Training Board) is a whole-of-industry led organisation that provides support to attract, train and retain South Australian building and construction workers by providing leadership in training and skills development.
